## LOADING THE DATASET:

The screenshot displays the IBM Cognos Analytics web application interface. The top navigation bar includes the title 'IBM Cognos Analytics with Watson', a dropdown menu showing '1 item open', a search bar with the text 'Search content', and user profile icons. Below the navigation bar, there are four informational cards: 'spreadsheet, csv files, and other data sources.', 'and connect data from multiple resources.', 'answers by identifying trends in your data with data explor...', and 'multi-page, multi-query dashboards, reports, or stori...'. The main content area has two tabs: 'Get started' and 'Recent'. The 'Recent' tab is active, showing a table of datasets. The table has columns for 'Name', 'Location', 'Type', and 'Last Accessed'. There are four rows of datasets, all labeled as 'CSV' files and located in 'My content'. The datasets are 'train\_data\_dictionary.csv', 'sample\_sub.csv', 'train\_data.csv', and 'test\_data.csv'. The 'Last Accessed' times are 11/6/2022, 2:21 AM for the first three, and 11/6/2022, 2:19 AM for the last one. A fifth row is partially visible, labeled 'Assignment-1\_DataExp'. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 1:51 PM on 11/6/2022.
